Parents please note seriously that it is the combined responsibility of both the school as well as the Parents in the Academic formation of our students. Please monitor your children while they work and take an active interest in their learning. Though we understand that it is a difficult and challenging time for all of us, with the number of casualties on the increase day by day in our State of Maharashtra, we need to continue to focus on the education of our children. Our Teachers are doing their best to cooperate and cope with the changes and expectations as this is also a new situation for them. Nonetheless, we are open to learning and to change as the need arises. For the school to run smoothly, and in the interest and

development of your child, I earnestly request you to please co-operate with us all through this time of crisis.

With regard to the Report Cards of the children from Prep I to Grade VI of the Academic Year 2019-2020, they are kept ready in the School Office. You will be informed when to collect it from the office. (kindly collect only your own child's card). Please make sure to clear all your School dues well in time, (**before you collect the Report Card,**) to enable the Management to defray its expenses. You will also be informed of the **Re-admission of Prep II going to Grade I** depending on the situation of the state.

Thank you Parents for your support and co-operation. Please take care of each other in your home and of yourselves as well and stay safe. Remember to pray daily to God for the safety and healing of our world and of all suffering humanity.

God bless you.
